

THE BRAINERD DAILY DISPATCH

Volume 19, Number 22

BRAINERD, MINNESOTA FRIDAY, JUNE 27, 1919

Price Three Cents

ACT GOES INTO EFFECT JULY 1

War-time Prohibition Will Be Reinforced by Additional Legislation.

THREE BILLS IN ONE

House Judiciary Committee Decides to Report Measures in Such Form That Each Will Stand on Its Own Merits.

Washington, June 27.—The wartime dry act will go into effect Monday at midnight without enactment meanwhile by congress of any additional legislation for its enforcement.

Out of a maze of confusing developments, this fact stood out with the decision of the house judiciary committee, charged with the duty of preparing and submitting enforcement machinery, to report three bills in one, each standing on its own legs, and capable of holding its own in the event the others were made invalid by congress or the courts.

Chairman Volstead of the committee declared there was no possibility of the passage of the joint measure before July 1, but that there existed ample means of enforcement and ample penalties for violation of the war-time act. The full and explicit definition of intoxicating liquors—any beverage or product containing more than one-half of one per cent alcohol—set by the bureau of internal revenue left no doubt, he said, as to how the courts would construe the law or deal with offenders.

Prevents More Than One Fight.

Prohibition members of the committee reveal their satisfaction in having ordered the three bills sent to the house in one so as to prevent more than one fight. Some members intimated that Title one, the wartime enforcement measure, would still be unpassed when actual wartime prohibition was declared ended. It was pointed out by others that the law made it mandatory on the President to say when demobilization was completed, which automatically would permit saloons to resume operation until January 16, when constitutional prohibition will become effective.

Members of the judiciary committee said it was inconceivable that demobilization would be delayed beyond the middle of January. While they did not look for action by the President this week or next, the general view was that with the signing of the treaty and the government assurance of the speedy demobilization, issuance of the President's proclamation might not be held up longer than Labor day at the latest. Indeed, it appeared to be the opinion among many members of the house that saloons in cities where the sale of liquor now is permitted will be serving drinks much sooner than the house imagines.

Administration leaders have intimated the President would revoke the wartime prohibition act by July 1, or would indicate his intention to remove it "very soon thereafter."

STEPS TO CRUSH ANARCHY

Provisions Are Made in Sundry Civil Appropriation Bill.

Washington, June 27.—Provision for vigorous steps by the federal government against bomb throwers and other anarchists and radicals—declared by government officials to be plotting overthrow of the government and spending \$2,000,000 monthly to that end—were made in the sundry civil appropriation bill as reported to the senate. Among the measures recommended were large additional appropriations for the Department of Justice, and legislation continuing permanently the wartime regulations as to purchase, storage, manufacture, sale and distribution of explosives.

RAIL BUSINESS INCREASING

Director General Hopes to Avoid Higher Freight Rates.

Washington, June 27.—Further increases in railroad rates this year will depend on whether with the increased volume of business present rates will produce sufficient revenue to reduce the railroad deficit, the house interstate commerce committee was told by Director General Hines.

POSTAL DEPARTMENT PAYS

Government Branch Cleared \$17,000,000 for Fiscal Year 1918.

Washington, June 27.—The Postoffice department cleared \$17,000,000 for the fiscal year 1918. Postmaster General Burleson turned over to Secretary Glass a check for \$15,000,000, retaining \$2,000,000 for a working balance.

Chance for "Arm Chair" Diplomats.

Philadelphia, June 27.—The essayist who advances the best plan for the conduct of the congress and the President in our foreign relations will win the Henry M. Phillips prize of \$2,000 in gold.

SENATOR McCORMICK

Arranging Speaking Tour to Oppose League of Nations.

The proposal to send a special train to carry a number of senators on a speaking tour against the league while President Wilson is speaking in its behalf has reached the point where a tentative itinerary is being arranged. Senator McCormick, Republican of Illinois, who has the arrangements in charge, said, however, that the plans were far from complete.

APPEALS TO GOVERNOR

Resolution in House Opposes Willard-Dempsey Bout.

California Representative's Measure Refers to Contestants as Bruiser Slackers.

Washington, June 27.—Representative Randall of California, prohibitionist, has introduced a resolution in the house urging the governor of Ohio to prevent the Willard-Dempsey fight at Toledo July 4, because it "desecrates the nation's birthday."

"The fight would dishonor the nation throughout the world," the resolution reads.

"One of the participants in this proposed fight engaged in a similar fight a few years ago with Jack Johnson, a notorious fugitive from justice, who has confessed that he was bought off and threw the fight to his adversary."

"Congress on July 31, 1912, enacted a statute denying permission to import or transport in interstate commerce motion picture films of prize fights in this country. Why should a fight between bruiser slackers, who were not brave enough to join the war against German murderers, be permitted in this country?"

ARMISTICE WAS VIOLATED

Declared by Allies in Sinking of Warships by Germans.

Paris, June 27.—Germany has been notified in a note sent to the German peace delegation by the Allies that they possess the right to punish the persons responsible for the destruction of the German ships and to collect reparation for the loss. The sinking of the fleet is denounced as a violation of the armistice and a deliberate breach in advance of the conditions of peace.

When the investigations have been completed, the note states, the Allies will exact the necessary reparation.

ITALIANS ORDERED TO SIGN

Those Now in Paris Will Affix Signatures for Nation.

Rome, June 27.—The Italian peace commission, now in Paris, has been authorized to sign the German treaty. The new delegation was expected to leave Saturday for Paris. Empowering of the old delegation to sign was believed to result from a wish not to delay in any way the ceremony at Versailles.

Following Foreign Minister Tittoni's address before the Senate, that body voted 94 to 7 in favor of Senator Prince Collarna's resolution expressing confidence in the new Italian peace delegates and the firm hope that Italy's claims will triumph. Tittoni declared the new commission will not abandon Italy's original claims.

Naval Bill Passes Senate.

Washington, June 27.—The naval appropriation bill passed the senate virtually as reported by the senate committee and now goes to conference. It carries approximately \$644,000,000, an increase of more than \$44,000,000 over the house total.

NONPARTISAN MEASURES PROBABLY CARRY IN NORTH DAKOTA REFERENDUM

(By United Press)

Fargo, June 27.—With nearly a third of the estimated vote in this afternoon returns indicated that the two most important bills referred, and possibly the seven non-partisan league measures will remain on the North Dakota statutes. The industrial commission and state banking bill were leading. The printing bill and educational bill were running behind. An average of all seven measures showed the anti-leaguers leading by about two thousand votes in 323 precincts.

Counter Revolution Breaks Out in Hungary

(By United Press)

Vienna, June 27.—A counter revolution broke out in Budapest last night. The battle began when monitors flying the Hungarian national colors bombarded Foreign Minister Bela Kun's headquarters from the Danube. This was immediately followed by fierce fighting which continued through the night. At dawn an armistice was declared to permit the removal of the dead and wounded. The soviet government has proclaimed a state of siege. Bela Kun assumed personal command of his forces.

Jap Steamer Collides With Vessel-Missing

(By United Press)

New York, June 27.—The Japanese steamship Thuru-Maru wireless the navy radio stations early today that he had been unable to find any trace of a vessel she collided with sixty miles off New York at midnight, and it is feared that the unidentified vessel with all hands on board were lost. The navy officials agreed with the view point of the captain that the vessel was probably a small fishing boat.

President Warns Any Nation Against Aggression

(By United Press)

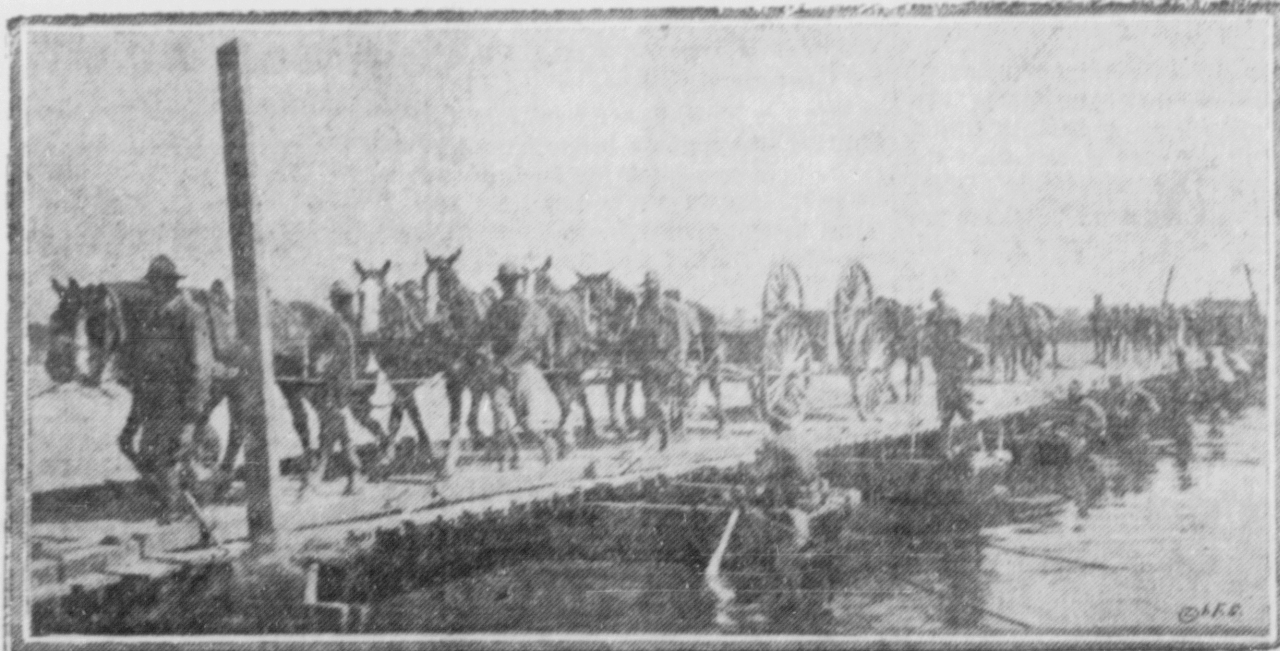

Paris, June 27.—President Wilson speaking at a dinner given by President Poincare to the allied peace delegates last night warned that any nation attempting to emulate Germany's effort at world domination in the future would suffer a like fate.

Street Fighting in Hamburg

(By United Press)

Biele, June 27.—A truce has been declared between government troops and Spartans in Hamburg. Dispatches reported here today. A cessation of hostilities came after hours of street fighting. There were many casualties.

U. S. Troops Hurrying Into Mexico Over Pontoon Bridge Hastily Thrown Across the Rio Grande

Within ten minutes after Brigadier-General James B. Erwin gave the order to advance into Mexico 3,600 United States troops had crossed the border to disperse the Villa forces which were endangering the lives of residents of El Paso. One reason for the speed of the advance is shown here. It is a pontoon bridge thrown across the Rio Grande by the Eighth Engineers.

German Delegates Will Arrive in Paris Saturday

(By United Press)

Versailles, June 27.—The German delegation which will sign the peace treaty left Berlin at midnight, and will arrive in Paris at 7 o'clock Saturday morning it was officially announced. The party was scheduled to reach Dusseldorf this afternoon. Foreign Minister Mueller and Colonial Minister Bell, of the German signatories, are accompanied by three high officials including Herr Schmidt and Herr Kraus, economic and international law experts. Herr Geisberts and Herr Leinert, who had been appointed to sign with Mueller withdrew at the last moment.

FLEES FROM HOLLAND

Former Crown Prince Escapes Into Germany.

Causes Stir in Peace Conference Circles in Paris—Kaiser Expected Also to Escape.

Paris, June 27.—The former German crown prince, Frederick William Hohenzollern, has escaped from Holland and made his way into Germany.

Washington, June 27.—Confidential reports that the former German crown prince and also probably the former emperor would attempt to re-enter Germany after the signing of the peace treaty were received recently by government officials here. This became known after an Associated Press dispatch telling of the escape of the crown prince had been received.

Creates a Stir.

Paris, June 27.—News of the escape of the former crown prince caused a considerable stir in peace conference circles. While it is not felt that he is a figure around which the reactionaries and monarchists would gather enthusiastically, nevertheless, his act is regarded as an event of considerable significance in view of other German recalcitrancy.

Hints have come from Germany within the last few days that the military caste there would not be averse to bringing about a military situation within the former empire that would embarrass the Allies in putting the peace treaty into effect and it seems not improbable that the move made by the former crown prince is connected with some such plan.

The former crown prince made his way into Holland shortly after the signing of the armistice last November and was interned there by the Dutch government, taking up his residence on the island of Wieringen, in the Zuider Zee.

Mexicans Fire on U. S. Cavalry.

Nogales, Ariz., June 27.—A party of about six Mexicans fired upon a cavalry patrol about four miles west of here. The Americans returned the fire. No Americans were injured.

FREDERICK WILLIAM

Former German Crown Prince Has Escaped From Holland.

Frederick William Hohenzollern, the former German crown prince, has escaped from Holland and made his way into Germany.

LARGE NEGATIVE VOTE

North Dakotans Pass on Seven State Measures.

Incomplete Returns Indicate That All Legislative Enactments Fail of Indorsement.

Fargo, N. D., June 27.—Reports on the referendum election held in North Dakota on seven measures of the Non-partisan league, passed by the legislature, show a heavy vote against the measures.

The city of Fargo complete returned a majority of more than two to one against the seven measures. Grand Forks city complete showed a vote against, ranging from 978 to 1,002, and from 481 to 498 for. Grand Forks county will give a greater vote against the league than last fall. Judging from early returns.

Trail county is reported two to one against the measures. Pembina almost five to one against, and Cavalier two to one against.

No returns were received from Bottineau and Rolette counties, owing to telephone wire trouble. Ward, Wells and Richland counties show a substantial vote against the measures. Ramsey county went about two to one against. Nelson county is close, the vote now standing 282 yes, and 223 no. Oliver and Burleigh counties both are claimed by the league at majorities from 290 to 300, although no figures are available.

Williston, county seat of Williams county, stands 330 no and 137 yes. With 179 precincts scattered, largely from towns and cities heard from, the average vote on the seven measures stood 11,191 against and 5,586 for.

EXEMPTION FOR ALCOHOL

Asked by Medicine Makers of Senate Committee.

Washington, June 27.—Representatives of medicine and perfumery manufacturers urged the senate judiciary subcommittee to revise tentative prohibition enforcement legislation so as to insure supplies of alcohol for industrial purposes. They said alcohol was necessary in the manufacture of patent and other medicines, perfumes, toilet and other articles, and declared they would seek to prevent use of their products for beverage purposes.

MEAT BIDS ARE REJECTED

Prices Offered Far Below Cost to the Government.

Washington, June 27.—All bids opened on June 26 for surplus stocks of canned meats and vegetables held by the War department were rejected by Director of Sales Hare, who announced that the prices offered ranged between 25 and 50 per cent of the cost to the government. Eighty-six bids were received, practically all from packing houses. New tenders will be opened June 30.

CHICAGO COPS MAY STRIKE

Police Force Is Dissatisfied With Salary Increase.

Chicago, June 27.—Dissatisfied with the \$200 raise granted them by the subcommittee of the council finance committee, Chicago policemen have decided to take a vote on the question of calling a strike, unless a large salary is granted. The vote will be taken Sunday. It was announced.

Housing Inquiry Body Named.

Washington, June 27.—Congressional investigation of the United States Housing corporation will be conducted by a senate buildings and ground subcommittee. This agreement was reached between senate and house leaders.

TEUTON ENVOYS ARE SELECTED

Mueller and Bell Said to Have Been Finally Chosen to Sign Pact.

UNEASINESS MANIFEST

Allies Expect Foe Delegates Saturday and Are Arranging for Signing of Treaty on That Day—President Would Sail Sunday.

Berlin, June 27.—Hermann Mueller, the foreign minister, and Dr. Bell, the colonial minister, it is announced, have been selected as the German envoys to sign the peace terms.

Paris, June 27.—Dr. Hermann Mueller, German foreign minister, and Dr. Bell, minister of colonies, who have been selected to sign the peace treaty, will arrive at Versailles Saturday morning, the Havas Agency learns.

Paris, June 27.—It is officially announced that the Allies have decided to sign the peace treaty at 3 p. m., Saturday—providing the Germans arrive early Saturday as promised.

President Wilson plans to leave Paris Saturday night, after the treaty is signed, sailing from Brest Sunday.

Reports continued that an advance of the Allied armies would be ordered unless authoritative word is received soon regarding signing of the peace treaty.

A message from Berlin to Haniel von Haimhausen said:

"Notifly Clemenceau we are having the greatest difficulties."

President Wilson and other prominent Allied peace delegates will be the guests of President Poincare at a dinner in the Elysee palace.

Ship Sinking to Be Punished.

Germany has been notified in a note sent today by the Allies that they possess the right to punish the persons responsible for the destruction of the German ships and to collect reparation for the loss.

The sinking of the fleet is denounced as a violation of the armistice and a deliberate breach in advance of the conditions of peace.

Warned Against Fighting Poland.

When the investigations have been completed the note states, the Allies will exact "the necessary reparation."

The German peace delegation has been informed in a note from Premier Georges Clemenceau that the German government will be held strictly responsible for unofficial support of any movement against Polish authority in the territory given Poland in Posen and in east and west Prussia.

Riots in Berlin.

London, June 27.—Disorders are increasing in Berlin. The Exchange Telegraph correspondent at Amsterdam reports. Many streets are barricaded, and there have been serious engagements between government troops and mobs.

Representatives of industrial councils have assumed full political and military power in Hamburg, and are sitting in the town hall, according to advices from Berlin, quoting newspaper advices received there.

General von Lettow Vorbeck has been ordered to Hamburg with strong forces to restore order.

100 Dead in Hamburg.

Paris, June 26.—Reports received today by the American peace commission stated that 100 persons have been killed in riots at Hamburg, Germany.

NEGRO HANGED TO TRESTLE

Mississippi Mob Lynches Assailant of White Woman.

Ellisville, Miss., June 27.—John Hartfield, negro, confessed assailant of a young white woman, was lynched here by a mob. Hartfield, who had been wounded by farmers in effecting his capture, was taken to the railroad trestle where he committed the crime, to which he confessed, and was hanged to a girder.

HOUSE RATIFIES SUFFRAGE

Texas Lower Body Votes Favoring Amendment.

Washington, June 27.—The house of the Texas legislature, by a vote of 95 to 21, adopted the resolution ratifying the woman suffrage amendment. Senator Westbrook, senate leader, says 15 of 39 senators and the president of the senate are pledged to support the resolution.

Princeton Wins Golf Title.

Philadelphia, June 27.—Princeton university won the team championship of the Intercollegiate Golf association at Merion with 1,335 strokes for the 72 holes of medal play. Harvard with a score of 1,385, was second, and Yale third, one stroke behind Harvard.

Miske and Brennan Draw.

St. Louis, June 27.—Billy Miske of St. Paul, and Bill Brennan, Chicago, heavyweight, fought eight rounds to a draw here.

REFRIGERATORS

There is real comfort in having one of our refrigerators "on duty"
in your household during the hot summer months, but it also
means more than that to have one in operation, it means you are
practicing real economy.

Our Refrigerators

Are so scientifically constructed that they produce a cold tem-
perature. Everything remains crisp and fresh, while the tempera-
ture remains unusually cool, the quantity of ice needed to produce
this is unusually small.

For genuine satisfaction and all-around serviceability we re-
commend our White Mountain or Northland Refrigerators.

WOMAN'S REALM

TOPS OF UNBLEACHED MUSLIN

Spreads Are Delightfully Easy to Make and Are Both Decorative and Artistic.

This is the time for some lovely unbleached muslin spreads. They are delightfully easy to make and ever so artistic. Make a square of the muslin (sometimes it is possible to get it wide enough to fashion the entire cover without piecing), and border the square with a three-inch band of colored chambray (rose or blue would be pretty), and then place a motif of the chambray in the center—it matters not how simple it is, though you can make it as handsome as you please. Fold it down are the best, and you will find what variety.

“GROOM LADY” RIBBLESDALE

Cable despatches state that Mrs. Ava Willing Astor, first wife of Colonel John Jacob Astor and for many years leader in American society, was married quietly in London to Lord Ribblesdale, famous as a sportsman.

RABBIT SWIMS AND FIGHTS?

San Francisco Park Policeman's Report Leaves Old Theory Completely High and Dry.

One by one the old theories are revised or upset. There is a widespread tradition, backed by generations of observation, that a rabbit can neither swim nor fight. But along comes Sergeant McGee of the San Francisco park police with a bombshell and when the noise and smoke has cleared away the germ of a new theory is left, even though a hitherto unknown fact has not been established.

According to McGee, quoted by the San Francisco Chronicle, a piffling, everyday cottontail has suddenly appeared on the island in Stow lake and driven everything else away. Never before has a rabbit been seen on the island, which is separated from the mainland at its nearest point by fifty yards of water.

"Albert Chacquette, guardian of the lake and its waterfowl, was the first person to discover the presence of the rabbit on the island," said Sergeant McGee in his report. "From the mainland shore he saw it in furious combat with a big setting brant. The battle ended in the bird being driven into the water and swimming, with loud squawks of dismay and protest, to the mainland. Every breeding mudhen, goose and duck was similarly assailed and expelled, Chacquette says, leaving the rabbit in undisputed possession of the island."

"Chacquette," McGee's report continues, "has a theory that the rabbit's new-found pugacity may be due to its browsing too freely on the leaves of the juniper bushes that grow thickly on the island. His idea is that the leaves fermented in the animal's stomach, creating gas, which, as anyone knows who has tried it, might make a rabbit feel brave enough to fiddle a tiger's nose and give him courage to attempt the swimming of the Golden Gate."

Anyway, the rabbit's on the island and nobody has admitted helping him to get there. Also, the waterfowl that usually breed there at this time of year are gone. There may be no connection, but there's a mystery in it all that nobody seems to be able to explain.

DISPATCH ADS BRING RESULTS

He Threw Away His Crutches

"Six years ago I had rheumatism so bad I was going on crutches," writes August Strandell, Sister Bay, Wis. "I tried several medicines and doctors and got no relief. Three bottles of Foley Kidney Pills cured me. I threw away my crutches." Have no equal for weak, sore, aching back, muscles or joints. H. J. Dunn. mwf

NAVY AND WHITE FOR FALL

Certainly women are wondering about fall headgear. This hat, a new creation for the coming season, is of navy and white taffeta. It is very becoming and youthful.

FINDINGS ADD TO EXPENSE

Home Dressmaker Knows That It Pays to Save Accessories From Discarded Garments.

Findings, these days, may well mount up into several dollars for even a very simple frock, as we soon discover if we attempt a little home dressmaking, either with or without the aid of a seamstress. Belting by the yard, hooks and eyes, snaps, sewing silk, have all advanced enormously, and apparently have no immediate intention of coming down in price.

And so it really is worth while to conserve these accessories of dressmaking in a manner that has not been thought of by American women for many years. But why should we not save them? It hardly ever happens that hooks and eyes and buttons are worn out when a garment is worn out.

Of course if we give the garments away, then it is decidedly inconscient and a piece of false thrift to rob them of buttons or other fasteners, but if we wear the garment out ourselves—and most of us do nowadays—then we should take care that all findings are taken out before the garment goes into the rag bag.

And so the gentle art of ripping may be revived. We may find it expedient to rip apart worn-out silk frocks in search of the pieces of good silk that can be used to make the top of a silk petticoat, or parts of a white summer frock; for pieces of good material that can be washed and pressed and used in making linings to frocks later on.

MODES OF THE MOMENT

Paris is shortening her skirts. Looped silk in silk or wool is popular.

Separate skirts are assuming an important position in woman's wardrobe.

There is a revival of the lace parasol of grandmother's days. One striking one has black lace mounted over green taffeta.

Headresses of all sorts are popular and are worn low on the head, covering the entire brow and quite often the eyebrows.

SALEM, the nationally known as the witchcraft town of history, a town which it has been trying to live down for 200 years. Fortunately for Salem, the terror of witchcraft inquisition is fading from memory.

Invariably the visitor comes to Salem with the idea of witches firmly fixed in his mind, but the only evidence of their existence that he can find is a tiepin bearing a tiny witch astride a broomstick. Besides buying witch-adorned souvenirs, which Salem provides to meet the demands of visitors, there are other ways of satisfying witch-hunting ambitions.

To a person already keyed to a high pitch by vague recollections of witch days Salem on a frosty moonlight night seems to slip back a century or so into the solemn superstitious little Puritan town, where one must think several times before making the most casual remark lest it be construed as evidence of friendly dealings with the devil.

Over by the cemetery the tombstones of the witch accusers gleam ghostly in the moonlight. It seems plausible that any of those venerable judges of 1692 might glide suddenly into view and stroll with dignity down the street or that Mistress Sarah Good or Elizabeth How should appear and ask sternly if it was your ancestor that labeled her a witch.

Out on Gallows hill, too, there is "atmosphere" undiluted. Here 19 unfortunate convicted of witchcraft met their fate before Puritan common sense overcame Puritan fanaticism. Gallows hill is a monument to Salem's darkest days.

Ideal Bed for Invalids.

In view of the elaborate care with which most details of sick nursing have been worked out, it is more than a little curious that the maintenance of the patient's warmth in bed should have been left so long to the precocious ministry of the hot-water bottle. At the Treloar Cripples' hospital, Alton, England, two wards are now supplied with electric mattresses, which have proved both safe and convenient in practice, even when a child is the occupant of the bed. The mattress is differentially heated, and the heating element is so disposed that the maximum warmth is generated at the foot end, less in the middle and none at all at the head end.

More Food From Irrigation.

Prospects throughout the western reclamation belt indicate that the food production records of 1917 and 1918 will probably be eclipsed by those of the current season. Prices of essential foodstuffs are high enough to make it attractive and profitable for farmers to produce on a big scale. Reports indicate the labor supply is abundant and good, although demanding high pay. Credits are not cramped, with the consequence that native farmers are not handicapped in their operations. This is why it looks like a boom year for the rubber-boot farmers of the far West.

Cruelty in Training Birds.

Performing birds are often taught by starvation. How many are released to the bespangled artificial form themselves into geometrical patterns on her head and outstretched arms, are often the sole survivors of hundreds which have been starved and then only fed when they perched upon an exact spot on the owner's arm.

A Common Sense Cure

Don't suffer from biliousness, sick headache, sour stomach, gas, bloating, or other results of indigestion. Foley Cathartic Tablets clear the stomach and bowels, enliven the liver, and have a good tonic effect on the whole intestinal tract. They relieve the heavy feeling so distressing to stout persons. H. P. Dunn. mwf

November 24, 1919. William J. Felt, secretary to President Roosevelt, wrote the secretary of war: "The president would like to know when Captain Pershing is coming to Washington." (Pershing had just returned from the Moro campaign.) The answer was returned: "Captain Pershing is now in Washington and has an office in the war department." The captain was invited to take luncheon at the White House.

"Captain Pershing," said the president, when the party was seated at table, "did I meet you in the Santiago campaign?"

"Yes, Mr. President, just once."

"When was that? What did I say?"

"Since there are ladies here, I can't repeat just what you said, Mr. President."

There was a general laugh, in which Roosevelt joined.

"Tell me the circumstances, then."

"Why, I had gone back with a mule team to Siboney, to get supplies for the men. The night was pitch black and it was raining torrents. The road was a streak of mud. On the way back to the front, I heard noise and confusion ahead. I knew it was a mired mule team. An officer in the uniform of a Rough Rider was trying to get the mules out of the mud, and his remarks, as I said a moment ago, should not be quoted before ladies. I suggested that the best thing to do was to take my mules and pull your wagon out, and then your mules got out. This was done and we saluted and parted."

"Well," said Roosevelt, "if there ever was a time when a man would be justified in using bad language, it would be in the middle of a rainy night, with his mules down in the mud and his wagon loaded with things soldiers at the front needed."—George MacAdam, in World's Work.

Pushing Own-a-Cow Campaign.

Bankers are co-operating with the agricultural agent in Jefferson Davis parish, La., in an "own-a-cow" campaign. The bankers are financing the farmers, and the agent is preaching the gospel of better live stock. In the fall of 1918 he bought five carloads, 160 head, including 5 registered bulls, of pure-bred Holsteins from Wisconsin. These dairy animals were widely distributed among the farmers, one or two head going to each owner. So pleased have been the owners of these pure breeds that the agent is already taking orders from others. It is probable that several additional carloads of such cattle will be purchased next fall, the agent reports, together with about 200 pure-bred calves for members of the boy's calf club. The bankers and the school board will back the proposition to help the boys get a start in cattle raising.

They Used Horse Sense.

A team of horses, owned by a firm in Indianapolis decided to move without their driver. The horses, drawing a dray, started slowly. They were just behind the white line at Meridian and Maryland streets when the traffic man turned the semaphore. The "stop" sign faced the horses and they stopped. In a few minutes the traffic man turned the semaphore and the "go" sign faced the horses. They went. As the team stopped at the "stop" sign and started at the "go" sign the traffic man failed to notice they were driverless. The horses slowly walked to the next corner and again the "stop" sign was up. The horses stopped. And this is the way the driver caught them when he did.

Dreaming of Cats.

To dream of cats is said not to be lucky. If you dream of a black cat, your enemies are active; to be bitten by one indicates misfortune; burglars are about when a cat follows you in a dream; while to dream you are stroking one means, beware of false friends.

Double richness of fresh milk

Home Brand Milk comes from the finest herds of dairy cows in America. This rich milk is then reduced to double its original richness, put in cans and thoroughly sterilized. It is double the richness of fresh milk.

Nothing whatever is added in the evaporating process—only a portion of the water is removed leaving the butter fat and milk solids.

Home Brand Milk

Is better than fresh milk, and will taste different—it tastes like sweet cream. Most every one likes the taste at once; others acquire the taste after using three or four cans. Once you use it regularly in your cooking and on your table—when you realize its cleanliness, its richness, convenience and dependability you will never return to fresh milk.

Try it. Begin tomorrow. Use it in cooking and baking—on the table—you will readily realize that you have found the safe and satisfactory milk supply for your home. Insist upon Home Brand—the milk that tastes like sweet cream. Ask your grocer.

MEMBER ORGANIZED 1897

MUNICIPAL BAND

Brainerd has had a municipal band several years, money being raised by taxes which all pay for its support. Being a member of the band means more than a public appearance once a week during the summer season at Gregory park or the depot square.

It means attendance at regular rehearsals and practice at home. When you count all the time which the average shopman puts into it, it means many hours devoted to the study of music.

Coupled with this the band as a whole likes to see that its work is appreciated. This can be attested to by generous applause when they play and by having community and press speak a good word for the organization and every citizen making him self a committee of one to boost and get engagements for the band.

The salary Bemidji pays its director exceeds largely that which Richard H. Rehl receives in Brainerd. But the results! The Brainerd City band entered into open competition with the Bemidji band at the shop picnic and played better, showed more musicianship and gained greater applause than the northern town band.

The Duluth Commercial club, recognizing the value of a municipal band, has taken steps to organize one. But Duluth, like Brainerd, should remember that organization of such a band is one step and another just as important is the constant fostering of the municipal band.

Here is what Bentley P. Neff, president of the Duluth Commercial club, said of the value of a municipal band: "Duluth and the club can attempt no more worthy enterprise at this time than the establishment of a city band association that eventually will provide a good city band for Duluth."

"Duluth needs the inspiration that good band music provides. We all will be happier, have a higher appreciation of our opportunities and a deeper regard for our fellow men when this band is a reality and the city as a whole brought under its influence."

"Every cloud surely has a silver lining when the band comes marching down the street. We are thrilled by the tune of a good march. The best in our nature is brought out by the melody produced and there is a moral uplift that is good from a civic standpoint."

"Duluth needs this band," continued Mr. Neff. "Mr. Farrington, who represents the Commercial club in this matter, in my opinion, is absolutely right in his conclusions and I earnestly hope that the business interests and citizens will rally to the support of this project and that funds will be forthcoming for a first-class band, such as Duluth wants, needs and should have without delay."

FARMER SAVES NO DAYLIGHT

The following editorial entitled "Saving Daylight for the Cities" was published in the Northwest Farmer of June 1 and takes up an interesting phase of the question as follows:

Daylight saving or "making a bar out of the clock," as one Iowa congressman called it, finds a divided nation. The city folks favor it. They are not in the habit of getting up till long after daylight, anyway, and it gives them a long afternoon, plenty of time after supper to play.

But the farmer saves no daylight. He has to get up by candlelight in the morning in order to get the milk or the vegetables to market or to the train, which goes early to accommodate the city folks' time. If he is to get enough sleep he must go to bed in broad daylight. Dew is not off earlier, and if help quit by the clock, haying and harvest stop while the sun is still hours high.

She Feels Younger and Stronger
 Middle-aged and older persons are apt to suffer from overworked or weakened kidneys and bladder. Mrs. Warren Dyer, Arkport, N. Y., writes: "I used Foley Kidney Pills for weak kidneys and pains in my back, and they gave me relief. After taking Foley Kidney Pills I feel younger and stronger." H. P. Dunn, maw

AMUSEMENTS

At the Best Today

The faces of the world's celebrities are fast becoming familiar to the average newspaper reader and the playgoer. Many of them, however, are shy about this publicity attached to being in high position and many refuse to allow the weeklies the privilege of showing them at their real work.

With the production of "The Girl Who Stayed at Home," which will be shown at the Best theatre tonight, Mr. Griffith shows us some of our own celebrities in surroundings not familiar, either to the newspaper reader or to the playgoer. For instance, Provost Marshal General E. H. Crowder, whose name is known at least to everyone who was in the draft age, will be seen in this picture at his own desk in his office in Washington a picture never released to any news agency or paper, but posed for the Griffith camera that the correct detail might be given the film. Others to be shown are Secretary of War Baker and General March both in their own offices at work.

At the Best Tomorrow

At the very finish of the plot in the new comedy picture drama, "The Veiled Adventure," starring Constance Talmadge, which can be seen tomorrow at the Best theatre is a scene which is bound to put the house into an uproar.

The lovely Constance, playing the role of Geraldine Barker, a young society girl has just met her lover on the seashore and in a very romantic scene which thrills with emotion, she has promised to become his wife and to use the expression of a motion picture fan "they go to the clinch for the final close-up."

The scene now changes to an old fisherman, who is sitting on the beach under the brilliant light of the full moon, and watching with the greatest interest the events just described.

His fishing-pole jerks, but even the thought of a fish on his line cannot distract him from the object of his attention. He feels his line pulled taught and without turning his head, impatiently mutters, "Gosh, I wish he'd kiss her so I could pull in my fish!"

The scene again changes, showing the two lovers leaning toward each other, preparing to kiss. A flash-back to the old fisherman's watching face shows that they have kissed. He smiles and pulls in his fish.

Described in Detail.
 I think my most embarrassing moment was when I was thirteen years old. My father telephoned that he had left a package for me at the hardware store two blocks away and that I should call for it, that he had described me to the manager and that I would have no trouble getting it.

I went to the store and a little old man came and looked at me over his glasses and said decidedly: "Well, you're the one for that package, all right, all right."

He was so decided that I became curious and asked: "How did you know me so well?"

He said: "Well, little lady, your dad left this package an' he says, 'She's a homely little kid with a snub nose,' so I knew you right-off."

Every one in the store laughed but me.—Exchange.

Lax in Milk Inspection.

The United States department of agriculture has just recently completed an investigation of the milk supplies of the cities and towns of the United States. Of all of these only 253 report regular dairy and milk inspection. Inspection is generally least developed in cities of less than 100,000, and in cities of between 5,000 and 25,000 less than one-seventh report any dairy inspection, and in some of these the system is only partly developed.

The dairy division of the department has valuable information on the most effective systems of milk control for cities of all sizes. This information, and where necessary the personal assistance of federal experts, are available to boards of health and civic organizations for the solution of their local milk problems.

Daily Thought.

Words without thoughts never to heaven go.—Hamlet.

Notice!

TO ALL EMPLOYEES OF THE TELEPHONE AND TELEGRAPH COMPANIES

For the purpose of advising all workers that a settlement has been made between the International Brotherhood of Electrical Workers and the Postmaster General and informing them of its provisions, we publish order No. 3269 issued by the Postmaster General.

The Order is as follows:
 "POST OFFICE DEPARTMENT,
 Washington

June 14, 1919.

Order No. 3269.

Employees of telephone companies shall have the right to bargain as individuals or collectively through committees or their representatives chosen by them to act for them. Where prior to Government control a company dealt with representatives chosen by the employees to act for them who were not in the employ of the company, they shall hereafter do so. The telephone companies shall designate one or more of its officials who shall be authorized to deal with such individuals or representatives in matters of better conditions of labor, hours of employment, compensation or grievances and such matters must be taken up for consideration within five days after presentation.

Such employees shall have the right to organize or to affiliate with organizations that seem to them best calculated to serve their interest, and no employees shall be discharged, demoted or otherwise discriminated against because of membership in any such organization, as prescribed in Bulletin No. 9, issued by me, dated October 2, 1918. In case of dismissal, demotion or undesirable transfer of employee where no real cause is shown by company for said dismissal, demotion or undesirable transfer, it shall be considered that discrimination was practiced and upon such finding the employee shall be re-instated to former position with full pay for time lost or shall be reimbursed for any loss sustained by reason of demotion or transfer.

Inability or refusal to perform the regular work of position occupied by them, excessive use of intoxicants, dishonesty, incivility to subscribers or the public shall be considered sufficient cause for dismissal.

Where requests or demands are now pending, the telephone companies shall immediately proceed to negotiate a settlement. All telephone companies are hereby directed to comply strictly with the requirements of this order, and failure to do so on the part of any official will result in disciplinary action.

(Signed) A. S. BURLISON,
 Postmaster General."

It will be noted this settlement recognizes the right of the employees of the telephone companies to bargain with the employers individually or collectively as they may desire. It recognizes the right of such employees to organize or affiliate with such organizations as they desire. The order prohibits discrimination against any employee for joining an organization, and further provides that in the case of discrimination which results in dismissal, demotion or undesirable transfer, as a result of employees joining a Union or Organization, that they shall be reinstated with full pay for the time lost and shall be reimbursed for any loss sustained.

The order also provides the telephone companies shall designate one or more of its officials to deal with such individuals or representatives in the matter of conditions of labor, hours of employment and compensation or other grievances, and that all demands or grievances now pending, the telephone and telegraph companies shall immediately proceed to negotiate with the proper representatives of the employees, for settlement.

Many employees are working in localities remote from their respective headquarters, and it is considered that the most practical way of providing them information concerning the settlement, and relative to their rights and privileges, is through the public press.

All employees of the telephone companies, in either the mechanical or operating department who may have grievances, or desire to take up the question of wages, working conditions, hours of employment, are requested to proceed in the manner provided by Order No. 3269 and where such employees desire the International Brotherhood of Electrical Workers to represent them, they should file their request with E. L. Dahl, 302 1st Ave. N. E., Brainerd, Minn., or take the matter up direct with the International Headquarters of the International Brotherhood of Electrical Workers, Fourth Floor Reich Bldg., Springfield, Illinois.

Respectfully yours,

INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS.

JAS. P. NOONAN,

Acting Int. President.

CHAS. A. FORD,

International Secretary.

Industry.

I was industrious; whoever is equally sedulous will be equally successful.—Bach.

Scene from "The Masquerader"

Long Indian Name.

The longest geographical Indian name is probably that of Lake Chagouagoumehaugogochebunnungamun. This lake is in Massachusetts and its name has recently been changed to Lake Webster. The word is of Algonquin origin and is said to mean "How the south wind made a large water where many blackbirds chatter."

Expensive and Unnecessary.

The fact that of all the buttons that have been given out to be testimony to the wearers' participation in the performance of public duty few are worn should be admonition to put the time consumed in the making of such buttons, and the money spent to pay for them, to better use.—Albany Journal.

SHERIFF THEORIN ORDERS BIG RAID

Automobile Truck Load of Whiskey
and Beer Seized from Three
Places Raided Thursday

ALONG MILLE LACS LAKE SHORE

Booze Stored in County Jail, W. E.
Lewis Hauled in the Seizure
on His Truck

Following the raid of Sheriff Claus A. Theorin and deputies, things promise to be very dry in sections along the Mille Lacs lake shore. Three places were raided and a dray load of beer and whiskey seized.

W. E. Lewis was sent out with a big motor truck and brought in the wet goods.

Friday morning in municipal court "Jim", also known as W. M. Hallstead, who resides on the shores of Mille Lacs lake, was charged with two offenses, selling liquor without a license and keeping an unlicensed drinking place. He was bound over to the district court on the first charge. The second complaint will be heard in municipal court Saturday, 10 a. m. by Judge Walter F. Wieland. Goods asserted seized from Hallstead were 12 cases of beer and one of whiskey.

Special officers also made several arrests in other parts of the county. Driving along Oak street and turning out of the way for a tractor, an Austrian prisoner leaped to the ground when the special officers' car slowed up. He made for the swamp and pistol fire only served to accelerate his speed. A Dodge car, confiscated, was stored at the Stadlbauer garage in company with seven others seized in the past weeks.

ASK FEDERAL AID

County Commissioners Have Applied
for \$70,000 to Assist in Road
Building

County commissioners of Crow Wing county have applied for \$70,000 federal aid to assist in the construction of federal project No. 51 on state road No. 2 from the east quarter corner of section 29, township 45, range 29, to the Mille Lacs county line.

5 GENERATIONS IN ONE PICTURE

Theodore Umhoefer, Age 87, is Making
his Home with Son-in-Law,
John Ernster

4 GENERATIONS LIVE IN IOWA

His Daughter, Aged 62, Has Daughter
Age 42, Who has Son age 22
and Latter's Baby Age 4 Mos.

Five generations living and photographed in a group is the picture that occupies the place of honor at the home of Mr. and Mrs. John Ernster of Brainerd.

These are the five persons in the group:

Theodore Umhoefer, aged 87, was born in Bavaria, Germany and came to America when 14 years old. He is now living with his son-in-law and daughter, Mr. and Mrs. John Ernster of Brainerd. Twenty of Mrs. Ernster's lady friends gave him a great surprise party on the occasion of his 87th birthday.

His oldest daughter, Mrs. Henry Bush, second generation, is 62 years old.

His granddaughter, Mrs. Peter Lux who is a daughter of Mrs. Bush, is 42 years and six months old.

Next comes the great-grandson, Maynard Lux, son of Mrs. Peter Lux. He is 22 years and six months old.

The fifth generation is represented by Master Floyd Lux, age 4 months, son of Maynard Lux.

All reside in Cherokee county, Iowa with the exception of Great-Great Grandpa Umhoefer.

OPPOSITION IS TRYING TO UNITE

Senators Are Making Determined
Effort to Defeat League of
Nations Pact.

PLAN FINISH BATTLE

Series of Conferences Results in Adding
Impetus to Root's Suggestion
That Ratification Resolution
Contains Reservations.

Washington, June 27.—Opponents of the league of nations in the senate are making a determined effort toward agreement on a plan for their final fight against ratification of the league pact in its present form.

Although no definite agreement was reached, a day of conference served to add impetus to the suggestion of Elihu Root for a ratification resolution, making stipulated reservations to further protect American policies. What these reservations shall be is a question on which there is still difference of opinion.

Will H. Hays, chairman of the Republican national committee, spent most of the day at the capitol, and saw many Republican senators opposing the covenant. He would not discuss the conference except to say he had talked over many things.

Not a Partisan Question.

Regarding the league of nations he merely reiterated that the question was not a partisan one and that the public should not get the impression that the Republican party was opposed to the league.

It was not denied, however, that the treaty fight was one of the subjects discussed at the chairman's conferences and the general impression was again given that he favored some compromise of differences to prevent any possibility of disorganization in Republican ranks.

In addition to league opponents, Mr. Hays saw Senator McNary of Oregon, Republican, who has favored the present covenant. He also talked to Senator Kellogg of Minnesota, and other Republicans who have made no definite announcement on their position. Senator Lodge of Massachusetts, the Republican leader, also conferred with some of the doubtful senators.

Objection to Reservations Plan.

The chief objection to the plan for reservations, it was said, was a fear that the league council might later assume authority to decide what force some amending articles would have in international law. There seemed to be a general feeling that should the plan be adopted, several reservations besides those suggested by Mr. Root would be included.

AITKIN MAN IS HERO IN ARMY

Capt. L. L. Spalding, M. C., D. C. M.,
Enlisted from Winnipeg at Out-
break of the War

WAS BADLY WOUNDED AT START

Recovered his Health, Re-entered
Service, was Promoted to Captain
Won Military Cross

The Winnipeg Free Press publishes a picture and a short sketch of Capt. L. L. Spalding, M. C., D. C. M., and local baseball players and others are certain he is the same Spalding who enlisted in the Canadian army from Aitkin and who held the line with his machine gun fire. Spalding umpired a game of ball in Brainerd and at that time had been sent home to recover from wounds received.

The Winnipeg Free Press states that "Capt. Spalding, an American, living in Winnipeg at the outbreak of the war, went overseas with the 8th Battalion.

He was the first L. B. D. to be decorated in the war, winning the D. C. M. at the Second Battle of Ypres in 1915. He was discharged from the army as unfit for further service, but regained his health and went overseas the second time as a lieutenant with a Toronto battalion. He was promoted to captain in France and won the Military Cross. He has just returned to Winnipeg, where he intends to reside permanently. His parents live in Minnesota.

AT NATIONAL TAX CONVENTION

Senator George H. Gardner, Presi-
dent of Minnesota Tax Confer-
ence, Attended Meeting

ST. PAUL BIDS FOR GATHERING

May be Held There Next Year, When
Minnesota's Problems would be
Taken up by Experts

Senator George H. Gardner has returned from Chicago where he attended the National Tax Association's meeting held at the LaSalle hotel. Mr. Gardner, as President of the Minnesota Tax Conference, went as a delegate from Minnesota.

J. G. Arnson, of the Minnesota State Tax Commission, was made permanent chairman of the tax conference. The gathering was also attended by Samuel Lord of the State Tax Commission and H. S. Ives, its secretary.

An invitation was extended by the Association of Commerce of St. Paul to hold the next national convention in St. Paul and the same was taken under consideration by the executive committee.

All states in the Union were represented at the conference. Prof. Bullock of Harvard University, president of the national body, opened the convention. The delegates numbered 300 and represented state taxing association, commissions, etc.

If the next convention is held in Minnesota it will bring to the state scores of experts and the problems of this state will be discussed in all angles. The state's railway gross earnings tax came in for considerable discussion and the stand, that cities with railway property in their limits, receive some of the benefits of same, appeared an equitable view of the matter.

ROLL OF HONOR

Dr. M. B. Purdy, son of Mr. and Mrs. Archie Purdy, has returned from overseas service. He was a veterinarian with the rank of First Lieutenant. He is now at Camp Merritt, N. J., and will soon be discharged.

Private Howard Edward, serving in the 3rd Field Artillery, has returned from the front. His sister was surprised to see him across the street from the Olympia candy kitchen and ran out to meet him.

Chester Darling Brainerd boy on the staff of Stars and Stripes, official organ of the A. E. F., is expected home soon.

John E. Gile, serving on a destroyer, has just come home from Charleston, S. C. He has been discharged and will soon return to civilian life.

Helped Her Little Girl

Children need all their strength for growing. A lingering cold weakens them. Mrs. Amanda Flint, Route 4, New Philadelphia, O., writes: "Foley's Honey and Tar cured my little girl of the worst tickling cough." Gives immediate relief from distressing, racking, tearing coughs; soothes and heals. H. P. Dunn.

AGREEMENT MADE

E. County Commissioners Relative to
\$250,000 Road and Bridge
Bonds

At the recent county commissioners meeting Wells-Dickey company and Kaiman, Matteson & Wood made the following proposition relative to the issuance of bonds up to \$250,000 for road and bridge construction:

To furnish the services of their bond attorney in preparing resolutions, notices of sale, etc., to furnish their attorneys opinion as to the legality of the issues so that unconditional bids may be called for; to advertise the notices of sale in some leading bond paper and to furnish all necessary blank bonds; all for 1/2 of 1% of the face value of bonds issued.

They also agree to bid a premium of \$1,600.00 on an issue of \$250,000 to bear interest at the rate of 5% and to pay 5% interest on delayed delivery of the proceeds derived from the sale of said bonds up to July 1st, 1920.

Which proposition was duly accepted on a call for ayes and nays, all members voting aye.

The board adjourned until July 5, 1919, at 2 o'clock p. m.

"NOBODY HOME" AT DISPATCH

Distinguished Group of Newspaper-
men Visit the Office at the Lunch
Hour Friday

ON THEIR WAY TO CONVENTION

Delegation Headed by W. P. Kirk-
wood, of the University of Min-
nesota, Bound for Bemidji

It was a sad day at the Dispatch office today for at lunch time when "Nobody's Home" in the office, one of the most distinguished groups of journalists and newspapermen in Minnesota if not in the Northwest, called to inspect the office, machinery equipment and shake hands with the boys.

As will happen in the best of regulated newspapers which devote some time to eating, everybody from boss to devil was out and nobody in.

In the delegation of visitors, bound for the Northern Minnesota Editorial Association meeting at Bemidji, were E. K. Whiting of the Owatonna Journal-Chronicle; Herman Roe of the Northfield News; J. D. Hays of Owensboro, Ky., and W. P. Kirkwood of the University of Minnesota. They are traveling by automobile and are making a leisurely trip out of it.

SPRAY YOUR POTATOES

By E. G. ROTH
(County Agricultural Agent)

There are three kinds of insects that damage the potato crop in Crow Wing county, namely:

1. Insects that chew the leaves.
2. Insects that suck the leaves or tips.
3. Insects that bore into the stalks.

There being three classes of insects, it would require three methods of attack or control. The first and second classes may be kept under control by combining the materials used.

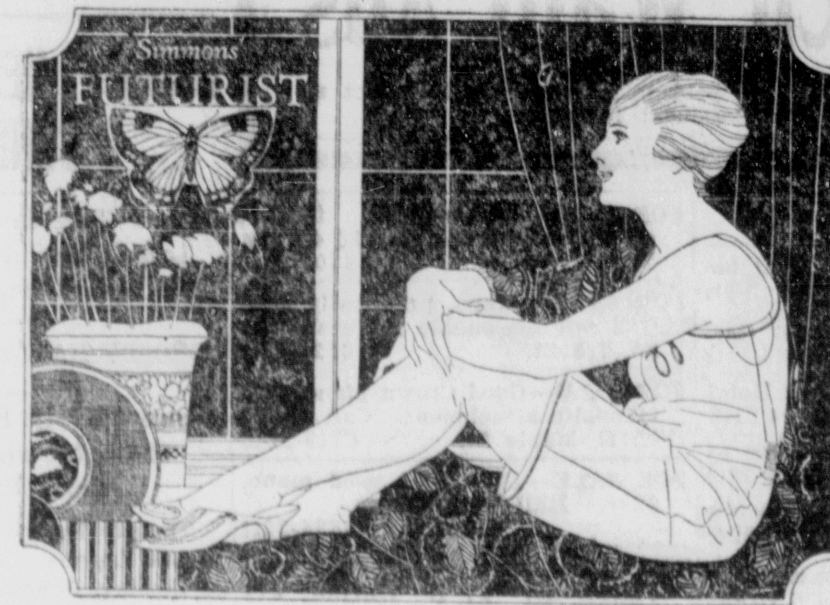

In the first class we have the Colorado Potato Beetle, the most common and the most injurious insect for the potato crop in this county. The beetle at first appears as a reddish-brown egg on the under side of the potato leaves which hatches into a red larvae in from four to eight days. During the next nine to fourteen days the larvae feeds on the foliage, attain their growth, leave the plant and go into the ground, remaining there from ten to fourteen days, when they again appear in the hard shell adult form as potato beetles.

In the second class we have the plant louse or aphid which sucks the juices and causes a curling of the leaves. The cause of the injury by the plant louse is often not noticed until the leaves begin to curl and turn brown at the tips. These can be controlled by a contact spray. The best material to use is one-half pint of forty per cent nicotine extract "Black Leaf 40" to fifty gallons of water to which two pounds of soap has been added. When spraying with contact insecticide, be sure that the insects are all hit with the solution.

In the third class we have the stalk borer which does injury by boring into the stalk, and thus killing the plant. The potato plant is not the normal plant food for this pest but when other host plants are lacking, they attack the potato. They do not do much injury in this county and are only serious when there is a lack of other host plants.

To prevent injury by the stalk borer keep the field clean of weeds and remove affected stalks when they appear.

In spraying for the potato larvae, a solution should be used that contains arsenic and also will stick to the foliage even after rain. Paris

It Will Keep You Cool
Ask To See It
Futurist Underwear
H. F. Michael Co.

Green has been found the poorest sticking material, while arsenate of calcium is recommended as the best. For larvae full grown, it is recommended to use a portion of one half of Paris Green and one half of arsenate of lead or calcium.

Recommended Insecticides

(Arsenate of Lime)

ARSENATE OF CALCIUM

Arsenate of calcium (powdered) is the cheapest insecticide recommended. It is recommended that 1 1/4 to 1 1/2 pounds be used to 50 gallons of water. For a small field use about two-thirds of an ounce, or ten level teaspoonsful to one gallon of water.

ARSENATE OF LEAD

Use 3 pounds of the paste to 50 gallons of water. Of the commercial powdered form, use 1 1/2 pounds to 50 gallons of water.

PARIS GREEN

Used at the rate of one pound to 50 gallons of liquid. It has a higher percentage of arsenic soluble in water and may often burn the foliage.

When spraying use a sprayer which will give as fine a spray as possible and cover the vine thoroughly. Spraying cans or whisk brooms waste material and may injure the foliage. A compressed air sprayer holding three or four gallons and providing a pump for developing air pressure is the most effective and should be used on small fields.

Secure good nozzles on the spray as the spray should be in the form of a fine mist. Also keep the solution well stirred up.

Also clean out the spraying apparatus thoroughly after using for continued good results.

Cut This Out—It is Worth Money

DON'T MISS THIS. Cut out this clip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn.

Money to loan on city property.
James R. Smith, Sleeper Block.

PUMPING EQUIPMENT

Brainerd, Minnesota, July 7th, 1919

Notice is hereby given that sealed bids will be received by the City Council of the City of Brainerd, Minn., until 7:30 o'clock p. m. on the 7th day of July, 1919, for furnishing f. o. b. factory with freight allowed to Brainerd of the pumping equipment required for the proposed improvements in the water works system, consisting of two motor and engine driven 3-stage centrifugal fire pumps, each of 1000 G. P. M. capacity, two motor and belt driven vertical centrifugal low service pumps, each of 900 G. P. M. capacity, one vertical motor driven centrifugal low service pump of 1200 G. P. M. capacity and two motor driven sump pumps; all to be in accordance with the plans and specifications therefor.

Bids must be made on blank forms furnished for that purpose and must be accompanied by a certified check made payable to the City for 10% of the amount of the bid.

Plans and specifications may be seen at the offices of the undersigned and of L. P. Wolff, Consulting Engineer, St. Paul, Minn.

The right is reserved to reject any or all bids.
By order of the City Council,
R. T. CAMPBELL,
City Engineer.

LOST—Ladies gold locket with initial "F". Reward for return to Dispatch office. 6829-211f

SPORTS

CROSBY HERE SUNDAY JUNE 29

Fastest Game in Central Minnesota League Scheduled Between Leaders of the Association

CROSBY HAS WON 4 STRAIGHT

Brainerd Met its First Defeat Sunday at Ironton when it Lost Close Game 3 to 2

The greatest game in Central Minnesota League history will be that of Sunday, June 29, at the Koering grounds when Crosby, winner of four straight, will clash with Brainerd which has won three and lost one.

Brainerd met its first defeat in league games June 22 when they lost a close game, 3 to 2, to Ironton. Brainerd has practiced to beat the band since then and gives assurance that no more bobbles will be made.

The hay stumpage was looked out for at the Koering grounds, mowers working there Wednesday and cutting the high grass from the field. And, by the way, that grass wasn't any higher than Brainerd tramped through out at the Ironton grounds last Sunday.

DAILY MARKET REPORT.

Minneapolis Grain.

Minneapolis, June 26. — Oats, July, 66½c; September, 67½c. Rye, July, \$1.39½; September, \$1.43½. Barley, July, \$1.09½; September, \$1.11.

Closing Cash Prices.

Minneapolis, June 26. — Following are yesterday's closing cash prices: Corn, No. 3 white, \$1.70@1.71; No. 3 yellow, \$1.73@1.74; No. 3 mixed, \$1.70@1.71. Oats, No. 2 white, 66½c@67½c. No. 3 white, 65½c@66½c. Barley, choice to fancy, \$1.09@1.11. Rye, No. 2, \$1.39½. Flax, No. 1, \$5@5.02.

Chicago Grain.

Chicago, June 26. — Corn, July, \$1.81; September, \$1.77½; December, \$1.55. Oats, July, 71c; September, 70½c; December, 71½c.

Omaha Live Stock.

Omaha, June 26. — Hogs—Receipts, 12,500; lower; top, \$20.90; bulk, \$20.30@20.50; heavy weight, \$20.35@20.55; medium weight, \$20.50@20.90. Cattle —Receipts, 4,300; steady; beef steers, medium and good, \$11@13.25; choice and prime, \$13@14.50; medium and good, \$11@13.25; good and choice, \$12.25@14.50; butcher cattle, heifers, \$7.50@12.75; cows, \$7.25@11.75; veal calves, \$13@14.75. Sheep—Receipts, 6,200; higher; lambs, 84 lbs down, \$14.25@17; culls and common, \$10@13; yearling wethers, \$11.50@13.50.

Minneapolis Butter, Eggs and Poultry. Minneapolis, June 26. — BUTTER—Extra, 50c; extra firsts, 47c; firsts, 46c; seconds, 45c; dairies, 40c; packing stock, lb, 39c.

EGGS — Fresh, prime firsts, new cases, free from rots, small, dirties and checks out, per doz, 39c; current receipts, rots out, \$10.80; checks and seconds, doz, 28c; dirties, candied, doz, 28c. Quotations on eggs include cases.

Pershing and Hoover Honored. Oxford, Eng., June 27.—General Pershing and Herbert C. Hoover represented the United States in a distinguished company of noted men from the Allied countries who were honored by Oxford university with degrees of doctor of civil law.

Greek Troops Re-enforced. Paris, June 27.—Greek re-enforcements have been sent to Smyrna to aid the Greeks there who have been attacked by strong Turkish forces, according to advices received here.

Ingenious "Fake" Pistol. A French inventor has recently placed on the market a "fake" pistol. This weapon, although in reality absolutely harmless, goes off with a very realistic crack when the trigger is pulled. It also makes a blinding flash calculated to scare any burglar.

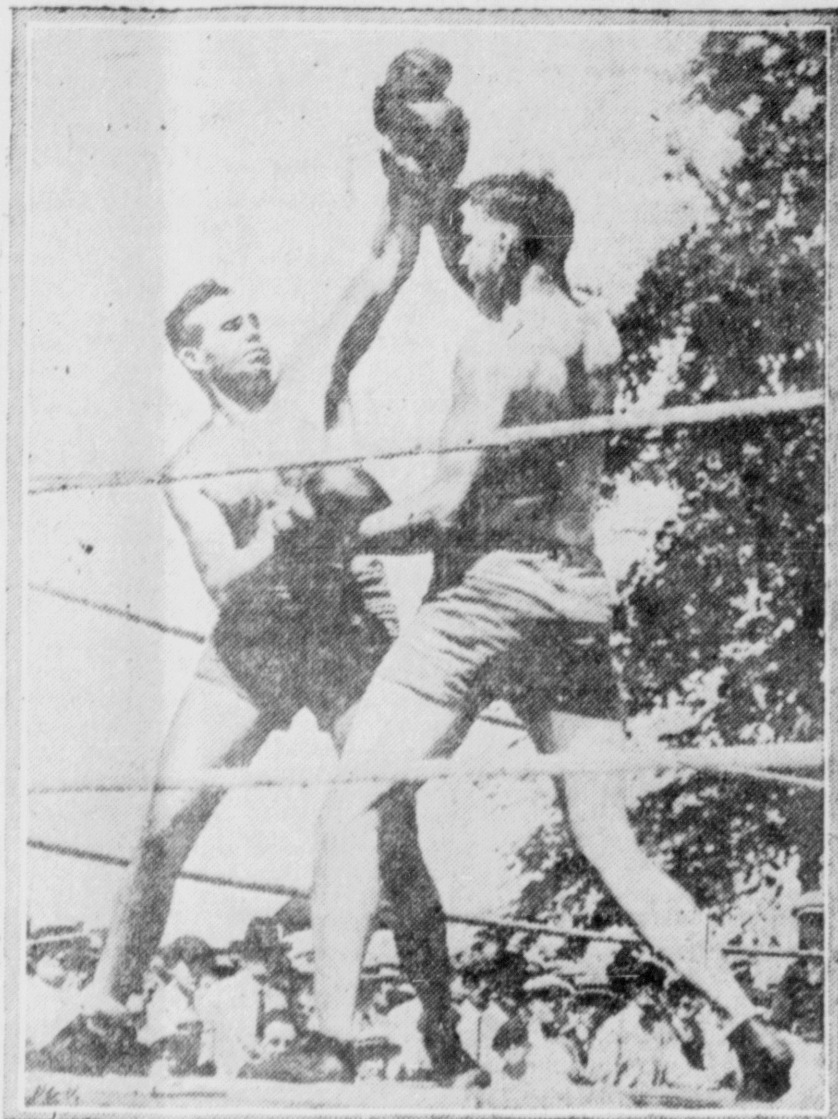

Inventions of an even more complicated nature are constantly being heard of. A well-to-do gentleman living in Surrey has recently had his house and grounds fitted with an elaborate burglar trap. With this device a midnight marauder cannot approach near the house without setting a number of electric bells within a ringling. And should the burglar not hear them and actually enter the building he would be caught in a vise by one of the many steel contraptions cunningly placed about.—London Tit-Bits.

Second Thoughts.

Mrs. Justwed—When I married I resolved to yield to my husband in everything.

Mrs. Langwed—So did I. And then resolved never to act on that resolution.

Willard, As He Looks Now' Training at Toledo for His Bout With Jack Dempsey

Report has it that Jess Willard's muscles are beginning to show through the skin and that his mid-section is less jelly-like. One reason for this is Walter Monaghan, his chief sparring partner, who naturally says Jack Dempsey won't have a chance on July Fourth. This photograph, taken at Toledo, shows the champion shoving up Monaghan's left and getting ready to put over a right.

RESULTS ON THE DIAMOND

American Association. Minneapolis, 3; Milwaukee, 2. Kansas City, 6; St. Paul, 9. Columbus, 3-8; Louisville, 2-1. Indianapolis, 8; Toledo, 4. American League. Detroit, 1; Cleveland, 0. Washington, 3; Boston, 1. St. Louis, 2; Chicago, 1. National League. Cincinnati, 7; Pittsburgh, 0. Chicago, 5-7; St. Louis, 4-3.

Bulgarian Atrocities Reported. Saloniki, June 27.—Bands of Bulgarians and Turks, co-operating closely, are reported to have committed crimes in a number of villages in Thrace now occupied by their forces.

Liberty Loan Drive Report Asked.

Washington, June 27.—Under a resolution introduced by Representative Taylor, Republican, Tennessee, Secretary Glass would be directed to report immediately to the house the expenses incurred in each Liberty Loan campaign.

Noted Banker Accidentally Killed.

Lisbon, June 27.—Jose Cunha, managing director of the Bank of Portugal, was killed accidentally here. He was president of the house of lords under the royalist regime.

De Valera to Tour U. S.

New York, June 27.—Harry J. Boland, De Valera's secretary, announced that the Sinn Fein leader is planning a tour of the country within the next few weeks.

WARTIME DRY ACT UPHELD

U. S. Court of Appeals Dissolves Injunction to Brewers.

New York, June 27.—The wartime prohibition act, under which no liquor may be sold after June 30, was upheld by the United States circuit court of appeals. The court virtually dissolved the injunction Judge Mayer granted the brewers, restraining the federal district attorney and internal revenue collectors from enforcing wartime prohibition, as applied to 2.75 per cent beer.

The court recommended that the district attorney hasten final determination of the issue in the highest court, and in the meantime interfere with the business of brewers as little as possible.

NETS' GOVERNMENT 1 BILLION

Liquidation of War Contracts Results in Big Saving.

Washington, June 27.—"Purchase and storage" contracts outstanding June 1, aggregated \$107,000,000, against more than \$1,000,000,000 when hostilities ceased, according to a war department report just issued. Of the 17,000 contracts which have been liquidated, more than half were settled without cost to the government, suspension having caused the contractors no loss. It is estimated that liquidation of war contracts has saved more than \$1,000,000,000, and contracts still to be liquidated will result in additional savings of more than \$1,500,000,000.

ENEMY DELEGATES WARNED

German Government Must Not Support Strife in Poland.

Paris, June 27.—The German peace delegation has been informed in a note from Premier Clemenceau that the German government will be held strictly responsible for unofficial support of any movement against Polish authority in the territory given Poland in Posen and in East and West Prussia.

Is Largely Made So by Its Merchants, and Its Merchants Are Largely Made by

ADVERTISING

WHO DOES *the* BUYING FOR YOUR FAMILY?

There is someone in your family who has a big responsibility.

Food to buy for the table; clothes for the children and grown-ups; new household utensils, linen, furniture, books and all the hundred and one little things for which the family income is spent.

In most families, one person does the bulk of the buying. And it is that person's job to see that the money is well spent—that you all get full value for every cent that goes out.

The success of a family depends on wise buying just as the success of a business does.

Wise buying means intelligent buying. It is necessary to have knowledge of goods and stores.

The best way to get this knowledge is by reading advertisements. They tell you what is new and good. They tell you where and when to buy to advantage.

Not only the person who does the buying but every member of the family should read advertisements. It is the duty of all the others to help the one who does the buying by pointing out advertisements of new goods and giving all the information possible as to tastes and styles and values.

Advertisements are published for your benefit. Make use of them by reading them.
